OBJECTIVE My objective is to gain valuable experience and to be a productive team member of a lucrative company in the field of computer engineering or a relating domain. I am an intelligent, hard working, and success driven person. I have excellent communication and people skills, which include written and oral presentation expertise. In addition, through prior employment experiences, I have gained outstanding managerial skills.

EDUCATION Georgia Institute of Technology, Atlanta, Georgia (2005-present)
Bachelor of Science in ECE focus in Computer Engineering, expected December 2009

Georgia Southern University, Statesboro, Georgia (2003-2005)

SKILLS Experience in *programming*: C++, C#, SQL, Linden Script, SAPI, Dragon Script, JAVA, Visual Basic, Karel++, HTML, XHTML, MIPS, Matlab, and Maple.
Experience in *using*: Microsoft Office.

RESEARCH Distributed Research Experience for Undergraduates at Clemson University, Clemson, SC 05/09-08/09
A member of the Virtual Environment Group who programmed within, and outside of, a virtual environment covering multiple languages as well as requiring critical thinking skills. For the duration of the project, I specialized in voice recognition and voice implementation for the user and virtual human interactions.

PROJECTS Summer 2009: During the summer research, we created a virtual environment in which a virtual agent interacted with users while on a tour of the School of Computing at Clemson University.
Fall 2006: I constructed a complete functional personal computer.

RELEVANT COURSES Professionalism and Engineering, Electromagnetics, VLSI and Advanced Digital Design, Computing for Engineers, Introduction to Computer Engineering, Introduction to Signal Processing, Circuit Analysis, Digital Design Lab, Microelectronics, Programming Principles I, and Programming Principles II.
